NANAVATI MAX Super Speciality Hospital

Dr Ganesh Nagarajan

Vice Chairman – HPB & GI Surgery and Lead - Growth & Strategy, Oncology
Nanavati Max Institute of Cancer Care

Dr Ganesh Nagarajan is one of the leading surgical experts in Hepatobiliary, Pancreatic and Gastrointestinal Oncosurgery. He and his team performed one of the highest number of complex liver and pancreatic resections including whipples with vascular reconstruction, image guided parenchyma sparing surgery for liver metastasis and major hepatic resections. He also specializes in robotic and laparoscopic surgery for colorectal cancers and some suitable HPB cancers. Having performed more than seven thousand major GI and HPB oncology cases in a career spanning nearly 18 years, Dr Nagarajan's department in our hospital is a tertiary referral centre for all complex GI and HPB oncology work.

Prior to joining Nanavati Max Institute of Cancer Care (NMICC) as Director, Dr Nagarajan was a senior consultant at Hinduja Hospital, Mumbai for almost 10 years and Bombay hospital for 4 years. Dr Ganesh Nagarajan has completed his fellowship in HPB surgery and liver transplantation at the prestigious Beaujon Hospital, Paris under the mentorship of Prof. Jacques Belghiti - one of the world's most famous Liver Surgeons. Prior to that, he has completed his surgical oncology training for four and a half years at Tata Memorial hospital which is one of the premier cancer hospitals in India.

Dr Nagarajan is a keen researcher and academician and has numerous publications in many international journals and has authored book chapters as well. He is regularly invited as a speaker in many national and international conferences to share his vast experience in the filed of HPB and GI Oncology.

Experience

He has been performing these highly complex surgeries for more than 20+ years with outcomes on par with the best centres in the world.
